A note for church members

Remedial work needed to dry out the underfloor areas of the large and Small Halls and part of the link corridor continues into September. The affected areas will not be open for public use, as there will be lots of machines and wires in them. The lino in the Small Hall and corridor will also be removed. **This will affect access into the church.**

The only way into church will be through the front gate and garden and via the front door. For those who find steps difficult, there is a better way-in through the front garden and bear right, in through the door into the link corridor near the toilets. It is likely that we will not be able to serve refreshments as usual after the service, though everyone is welcome to stay in the garden to chat, alongside the Vineyard church, who will also have to cope with these changes.

Jean

A big thank you to all involved in organising the current Church repairs,
especially Jean Townsend
